WAREHOUSE PREPARATION AND STOCK COUNT

Case Study: Warehouse – Souvenir Distributor

A distributor that supplies Irish souvenir products to over 600 accounts throughout Ireland required the support of RGIS. The company is the largest supplier of souvenirs to the Scottish souvenir market and have their own design team that design and develop ranges of product for different markets. The company also creates contemporary and classical collections within the giftware, jewellery and homeware sectors.

REQUIREMENT

The souvenir distributor needed a solution to **prepare a warehouse for an inventory count, and then complete a wall-to-wall warehouse count in one day.**

The souvenir distributor required RGIS to provide the following:

- **Warehouse to be prepared** prior to the stock count
- **Wall-to-wall warehouse count to be completed in one day**
- Count reporting by **bin location**
- **Accuracy to be a priority**
- Completion of warehouse count during **normal working hours**

SOLUTION

The souvenir distributor partnered with RGIS to complete the **warehouse preparation and full stock count project**, and RGIS provided the following:

- Scheduled a team of **two experienced RGIS auditors** to prepare the warehouse prior to the count
- Scheduled a team of **10 experienced RGIS auditors** to complete the wall-to-wall warehouse count
- **Accurately counted all stock** at all levels, by bin location

RESULTS

The souvenir distributor found by outsourcing the **warehouse preparation and full stock count project** to RGIS, the following results were achieved:

- A total of **700 pallets** were counted
- The full count was **completed in one day** as requested by the customer
- **Accuracy was at over 99%**

By partnering with RGIS, the souvenir distributor found that the warehouse was **counted within one day as requested with accuracy at over 99%**
